

FACES OF REGENT PARK

Looking for subjects for a Permanent Public Art Installation

My name is Dan Bergeron and I am a public artist who has been commissioned to create a permanent public art installation to be located in the Entry Plaza to the Big Park in Regent Park. The artwork will be portrait based and located on the north side of Dundas Street across from the Daniels Spectrum building. There will be 12 portraits in this body of work, with 6 of the subjects being individuals who live in socially assisted housing and 6 of the subjects who have purchased units at market rate.

At this time, I am looking to find the 6 individual subjects who have purchased a unit at market rate. If you are interested in participating in this exciting public art project, or know someone who would be, please contact me at the e-mail address listed below.
